

CITY OF CAPE MAY, COUNTY OF CAPE MAY, STATE OF NEW JERSEY

ORDINANCE NO. 317 - 2017

**AN ORDINANCE REPEALING CHAPTER 319 OF THE
CAPE MAY CITY MUNICIPAL CODE,
REGULATING LOITERING**

WHEREAS, Chapter 319 of the Cape May Municipal Code prohibits certain types of loitering; and

WHEREAS, in State v. Crawley, 90 N.J. 241 (1982), the New Jersey Supreme Court, after considering a Newark loitering ordinance whose language was similar to the language of the Cape May loitering ordinance, determined that the New Jersey State Penal Code has preempted local regulation of loitering and held that regulation of loitering-type conduct was exclusively a matter of state law; and

WHEREAS, regulation of vagrancy and loitering, whether at a statewide or municipal level, raises sensitive constitutional concerns that are best addressed by careful regulation in a uniform, statewide fashion; and

WHEREAS, given these facts, the City Council of the City of Cape May deems it in the City's best interest to repeal the City's loitering ordinance in its entirety and to restrict regulation of loitering-type conduct to those offenses specified in Chapter 33 of the New Jersey State Criminal Code, as instructed by the state Supreme Court in State v. Crawley,

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Cape May, County of Cape May, State of New Jersey, as follows:

1. The averments of the preamble are incorporated into this Ordinance.
2. Chapter 319 of the Cape May Municipal Code, entitled "Loitering," is hereby repealed in its entirety.
3. This Ordinance shall supersede all other ordinances in conflict or inconsistent with it.
4. Should any section, paragraph, sentence, clause or phrase of this Ordinance be declared unconstitutional or invalid for any reason, the remaining portions of this Ordinance shall not be affected thereby and shall remain in full force and effect, and to this end the provisions of this Ordinance are hereby declared to be severable.

5. This Ordinance shall take effect within twenty (20) days of final passage and publication as provided by law.

RESOLUTION NO. 147-06-2017

**RESOLUTION OF MUNICIPAL SUPPORT FOR THE NEW JERSEY WILDLIFE
ACTION PLAN**

MOTION:

SECOND:

Recognizing that animals are an integral and valuable part of all communities and believing that concern for the well-being of wild animals and wild species is a hallmark of a sustainable natural community, the City of Cape May pledges its support for the New Jersey Wildlife Action Plan as outlined:

WHEREAS, New Jersey is home to a rich diversity of wildlife and ecologically significant natural communities; and

WHEREAS, New Jersey's wildlife and wild places are under threat from development, fragmentation, invasive species and the impacts of people; and

WHEREAS, the populations of mammals, birds, invertebrates, fish, reptiles and amphibians that live in and migrate through New Jersey find themselves clinging to smaller and smaller pieces of wild clean lands and aquatic habitats; and

WHEREAS, it is more cost effective to prevent species from becoming imperiled than it is to recover them once their populations have declined; and

WHEREAS, a naturally functioning and healthy ecosystem represents a healthy environment for New Jersey wildlife and our citizens; and

WHEREAS, the New Jersey Division of Fish and Wildlife, other state and federal agencies, and many partners in conservation have worked together to develop a state Wildlife Action Plan for the benefit of biologists, wildlife experts, municipal leaders, land stewards, non-profit organizations, educators, planners, researchers, outdoor recreation enthusiasts, landowners and all the people who know the wild places of New Jersey State; and

WHEREAS, the New Jersey Wildlife Action Plan is a comprehensive action agenda for the conservation of native wildlife, the restoration of important lands and water, and public education targeting the needs of rare wildlife in New Jersey; and,

WHEREAS, the residents of, and visitors to, New Jersey also enjoy and benefit from New Jersey's wildlife and wild spaces,

NOW, THEREFORE, BE IT RESOLVED that the City of Cape May will take the following steps with regard to its municipal land-use decisions, with the intent of keeping Cape May City an ecologically sustainable community. The City intends to include these principles in its public lands management and its environmental resources inventory, and desires that they inform the next master plan revision and update its zoning accordingly.

- The City will identify imperiled species, critical habitat and unique ecosystems in its Environmental Resource Inventory.
- Acknowledging that it is more cost effective to protect species than recover species, the City we will protect populations of rare and imperiled species that live and breed in, and migrate through, the municipality and the habitats they depend upon.
- Because habitat integrity is critical to healthy biodiversity, the City will manage publicly owned lands in accordance with wildlife management actions laid out in the New Jersey Wildlife Action Plan and will promote the management of all protected lands to promote biodiversity.
- The City will protect wildlife habitats and maintain connectivity of habitat when formulating an open space acquisition strategy, open space stewardship plans and through the municipal master plan including planning and zoning ordinances.
- The City will seek to minimize disturbance of critical wildlife populations and their habitats from human activities, subsidized predators and invasive species.
- When possible and appropriate, the City will work with neighboring municipalities to implement the aforementioned principles across municipal boundaries.
- When possible and appropriate, the City will strive to monitor and implement appropriate management of municipal easements to ensure native vegetation and wildlife takes precedence over invasive and/or exotic species.
